OUR PRODUCTS & SERVICES

6

OM TELOLET OM

MOBILE GAME

Bus mania, get on your bus and burn the wheels with hot asphalt in this addicting and entertaining 3D cartoon bus driving game!, and it's free! Everything you love about buses from honking to speeding is like bringing Greyhounds back to life in this incredible arcade game. You can collect more than 20+ bus models from school bus, army bus, lightning bus to shd "super high deck" jetbus.

SQUISHY LAND

MOBILE GAME

Join in the adventure through the Squishy Land. Travel through magical lands, visiting wondrous places and meeting spongy chewy looking Squishy! Switch and match your way through hundreds of fun levels in this spongy puzzle adventure. The sweetest game just keeps getting sweeter!

8

SATRIA

GAME

Satria is about knights and warriors from several kingdoms who fight to expand their empire. You and your opponent compete to conquer the most territory on an island.

You will explore the island and defeat various monsters that dominate the island. Collect treasures and equipment to strengthen your heroes.

Which is able to survive and control most of the island will be the winner!

9

THE CATCHER

INTEL REALSENSE GAME

This is a game where you control the Dustman to catch the throwing garbage and put it into specific types of trash bins, But be careful don't catch the BOMB. The game uses both gestures and face analysis. We developed this game for having fun but to also teach people how to dispose of trash and help the environment.

10

CASUAL GAMES

We are a game development company with expertise in developing games for wide range of player from casual games to massive multi player games with various platforms such as Brew, Java, IOS, Android, HTML5, and many more.
